

PebblePad Cookies

A cookie is a small file that is stored on your browser or the hard drive of your computer, if you agree. Cookies contain information that is transferred to your computer's hard drive.

PebblePad uses cookies to distinguish you from other users of our application. This helps us to provide you with a good experience when you use our application and allows us to improve our site.

We use the following cookies:

These are cookies that are required for the operation of our application. They include cookies which are used to identify you to PebblePad after login and help ensure the security of your account.

You can find more information about the individual cookies we use and the purposes for which we use them in the table below:

Cookie Title / Cookie Name	Purpose	More Information
PebblePad Session Cookies: ffc7223-4de9-4b8a-9179-f6a75f41ff0c ffc7223-4de9-4b8a-9179-f6a75f42ff0c	These cookies are essential for use of PebblePad and identifies you during and after login allowing you to access your assets securely.	Expires on log out or when closing browser
PebblePad Security Token: CSRF_Token	This cookie is essential for the security of PebblePad and protects you against malicious links which could be used to perform unwanted actions while you are logged into PebblePad.	Expires 1 hour after most recent use of PebblePad
Google reCAPTCHA: NID	Used by reCAPTCHA which helps prevent malicious software and abusive activities. Unique ID used to remember preferences and sometimes to customize ads	Expires 6 months after last use

Google reCAPTCHA: _GRECAPTCHA	This cookie is used for providing its risk analysis data as part of the reCAPTCHA service to identify automated interactions with PebblePad.	Expires 6 months after last use
PebblePad embedded content consent cookie: __PP_Embed_content_consent	This essential cookie is used to remember if a public user has consented to displaying embedded content from third-party services.	Expires 364 days after being set.
PebblePad UI state: atlas-view-sidebar-preference mapping-sidebar-preference chart-legend-open-preference toolbar-open	These local storage items are used to remember the state of PebblePad sidebars within the application. They are only stored and accessed locally on your computer not transmitted to our servers.	Expires when the user clears their browser storage for the website.
PebblePad welcome message state: SeenWelcomeModal	This local storage item is used remember when you dismiss the welcome message, so it is not shown again on next login.	Expires when the user clears their browser storage for the website.
PebblePad unsaved work storage	Local storage is used to storage any changes you make to your assets before they are sent to our servers, this allows work to be recovered if a problem occurs.	Expires automatically once a user's asset has successfully been saved or recovered.
PebblePad Rich Content Editor user satisfaction survey: ck5_survey_dismissed	Temporarily used to acknowledge that a desktop notification regarding a rich text editor functionality survey has been dismissed.	Expires on 30th November 2023

General Third-party cookies

Please note that the following third parties may also use cookies, which PebblePad has no control over. These named third parties may be included as embedded items within content produced by users of PebblePad. These third-party cookies are likely to be analytical cookies or performance cookies or targeting cookies:
