

LTI 1.3 Integration Guide

Are you ready to connect and elevate your learning journey? Unlock seamless connectivity with 1Edtech's latest LMS/VLE integration – LTI 1.3.

What is LTI?

Who we integrate with

- Blackboard
- D2L Brightspace
- Canvas
- Moodle

Core Functionality

- **Single Sign-On** – Log on from your LMS/VLE directly into PebblePad
- **Direct Resource Linking** – From Course/Module direct to a PebblePad resource (opened in Pebble+)
- **Enrolment Synchronisation** – Course/Module users enrolled into ATLAS workspace – with equivalent permissions
- **Grade Synchronisation** – Grades passed from ATLAS workspace into Course/Module grade centre

What's new for 1.3?

Increased Security

Upgrade from OAuth 1.0 to 2.0

Resource Modal

Redesigned pop-up to match current PebblePad styling

SSO Role Recognition*

Assessors to ATLAS workspace/ Students to Pebble +

Collaborative Resources

Co-owned resources now available to select for direct linking

Direct "Assignment to Resource" link*

Direct students to a chosen resource from an LMS/VLE assignment link

Continuous Member Sync

From LMS/VLE to ATLAS workspace, inc. Groups to Sets

**Incorporates LTI Express as standard functionality*

What's next?

1

Request - When invited, submit a request, and we'll work with you on dates and plans

2

Test - Use the documentation to set-up and fully test your new 1.3 on Test (TAQAS) server.

3

Go Live - Match the set-up of Test to your Production server to go live.

Find out more

To find out more about the migration process and what this upgrade means for you, you can check out our [LTI1.3 integration webinar](#) or see the [Integration Forum](#) for more information.
